Dear Sir/Madam!

In the name of the **Autóker Holding Group** hereby we give this reference letter with pleasure to **Zsolt Szabó** (12.03.1966).

As the technician leader of the Autóker Holding group I can declare that Zsolt Szabó worked for us from 2002 to 2004 as a project manager. Our company is an investor company who focused on developing of high categories residential buildings. When he joined our team made excellent work for us in difficult circumstances. These projects were built in the downtown of Budapest in a historical environment. For that reason we needed his organizational and human (getting in touch with several stakeholders, good communicator, strong personality, good endurance) skills what he could use out well. The projects ended within deadline and budgets for the satisfactions of each participant.

After all we proudly give him this reference letter being in aware that in the future he will perform numbers of new project somewhere else.

We can suggest him without any doubt and wish him many successes in the future!

This letter made for his follow-up request and can use it only for the target of seeking a new job.

Best regards

László Hildebrand
